DOODLEBUG DRAWING CONTEST – CLASS 31

Superintendent: Donnie Slanetz
 CLASS I and CLASS II - Friday, 7:00 p.m.

CLASS III- Saturday, 7:00 p.m.

First Place Trophies Donated by Dan Avery Construction Co., Somers

PREMIUMS - ALL CLASSES:

Each class will contain both divisions and premiums to be paid as follows:

CHAIN DRIVE DIVISION:

1st-80.00 2nd-60.00 3rd-55.00 4th-50.00 5th-45.00

CONVENTIONAL DRIVE DIVISION:

1st-80.00 2nd-60.00 3rd-55.00 4th-50.00 5th-45.00

If there are not enough conventional drives or chain drives, the top ten of the combined divisions will receive the premium money and ribbons. All first place winners will receive a trophy, premium money and ribbon. All others will receive premium money and ribbons.

NEW ENGLAND DOODLEBUG ASSOCIATION RULES

1. All machines will be of four wheel design, two rear wheel drive only with truck and/or automotive parts only; no industrial parts, two transmissions and/or adequate gearing. No automatic transmission. Frame rails must consist of at least 70% Truck or Automotive Frame.
2. No tires larger than 18:90 x 24:50 will be permitted, except for LT only - 15:00 x 16.5 commercial, military, or industrial tread with no chains on any tire. No studded tires on drive wheels. No agriculture and/or tractor type tread. No steel belted tires. Original tire size will be legible on tire. Bobcat tires are acceptable.

P U L L S & P A R A D E S

PARADE – CLASS 29

Saturday, 10:00 a.m. Committee: Claire Rich, Tracey Rich, Jay Rich

All groups and individuals are invited to participate in the parade, but must contact the superintendent in advance to be included in the line up. The parade will form at Main Street, Route 190, in Somers at 9:15 a.m. and start at 10:00 a.m. The parade route will be Main Street to South Road to Field Road on to the Fairgrounds. The judges' reviewing stand will be marked on the parade route. The parade will end at the South Gate at the main parking lot.

Winners' names will be announced from the Secretary's Office on the Midway at the Fairgrounds when judging is completed. It is up to the winners to pick up their prizes by the close of the Fair. For further information, call 860-875-1713 or Email four.town.fair@snet.net Entry form on page 81.

SAFETY REQUIREMENTS

1. Two wheel brakes operated by a foot pedal. Drive line brakes not acceptable.
2. Exhaust system extended above driver's head and securely attached with minimum of leakage.
3. Suitable metal firewall between engine and driver.
4. Hoods made of metal or factory fiberglass design must be securely attached to the firewall.
5. One fuel tank with a leak-free system securely mounted behind firewall. Metal or approved plastic tanks with a maximum ten-gallon capacity. All batteries shall be securely attached and mounted in front of the firewall or opposite the side of the fuel tank.
6. Suitable guard over belts and pulleys.
7. Universal joints must be wrapped in suitable material - rubber, duct tape and/or metal shield. (Fully enclosed) any drive shaft over two feet in length must have a restraint at both ends.
8. Guards over chains on chain drives.
9. All axle nuts and dayton lugs will be covered with suitable material - rubber and/or duct tape. No metal hub covers.
10. Lock rings on drive wheels mounted to inside. No split wheels. All non-factory welded rims will have ribs not less than 1/4" x 2"; ribs must cover seventy-five percent (75%) of rim width; bolt-together wheels a minimum of two rods not less than 3/4" diameter (no threaded rod). Both rods and ribs shall join inside and outside halves of wheels.
11. Push-pull or toggle ignition kill switch, within driver's reach shall be well labeled and painted red.
12. All machines will have an adequate seat with a back and padding.
13. No antifreeze in radiators.
14. No rigid front suspension - No cabs
15. Pulling chain - Class I min. 3/8", II & III 1/2" min. - grade 7.

DRAWING PROCEDURES

1. Machines will be driven in an orderly manner without excessive spinning of wheels. Machines will be in neutral while hitching and unhitching.
2. No hammering of hitches. No tightening of hitches by any device. Steel hitches optional.
3. All drivers and helpers shall not have or consume alcoholic beverages before or during the contest. Publicly accepted language only.
4. Additional weight may be added up to class limits as long as it is securely mounted. Filled tires are permitted with water only.
5. Top three machines to place in each class may be reweighed after each class, with official present, if scale available. Machine must be within fifty lbs. or will be disqualified.
6. Boat shall be moved three feet in a continuous motion.
7. Machine shall not draw more than once in each rotation. Last machine in rotation to go around when needed.
8. Time limit to be set at each contest. Time shall start when driver signals and is acknowledged by the announcer.
9. Any machine arriving late may pull in its class, permitted no one in that class has dropped out.
10. No machine to have a rear axle assembly designed to lift the stoneboat.

11. Machine tires will not touch or cross the lines while hooked to stoneboat. Driver will signal for time to stop. Stoneboat will be repositioned by machine in same rotation or machine will go around. Remaining time will then continue.
12. DECISION OF SUPERINTENDENT IS FINAL.
All entries must be a member of NEDA or pay a \$40 entry fee.

CLASSES- Two divisions in each weight class: Chain Drive and Ring & Pinion

- I. 3500 class machines will weigh 3500 lbs. or less, and measure eleven feet or less from center of rear axle to forward most point of the machine.
- II. 5000 class machines will weigh 5000 lbs. or less and measure fourteen feet or less from center of rear axle to forward most point of the machine.
- III. 8000 class machines will weigh 8000 lbs. or less and measure fourteen feet or less from center of rear axle to forward most point of the machine.

All Machines will be weighed minus blocks, hitches and chains.

New England Doodlebug Association, P.O. Box 428, Enfield, CT 06083
